The [APPD Board of Directors' Comments on the New ACGME Program Requirements for Graduate Medical Education in Pediatrics](#) is posted on our website and submitted to the ACGME. The APPD Board thanks you for your time and thoughtful input during our conference calls and through many other communications. We look forward to working together to develop, share and support member-driven and constructed solutions.

As discussed during the APPD Member Calls, the APPD Fall Meeting (October 3-5, in Arlington, Virginia) will be changed this year to respond to member requests to share and develop strategies and products for curriculum, assessment and evaluation called for in the [New ACGME Program Requirements and NAS](#). As well, we will have a pre-meeting session for brand new program directors and coordinators seeking introductory basics in their new roles. We look forward to seeing you in Arlington!
