### 1) [\*\*APPD Pediatrics Milestones Sessions at Annual Meeting\*\*](#)

APPD will present two opportunities for all meeting attendees to gather and learn more about the Pediatrics Milestones.

#### **Wednesday, April 10: 7:30pm-9:30pm APPD Pediatrics Milestones Session**

Large group format presented by leaders in Milestone development and implementation from the ACGME/RC, ABP and APPD, with the most up to date information about pediatrics milestones. This session will review the purpose of milestones, the requirements and timetable around implementation, and meaningful assessment of residents within the framework of the milestones. Information about rater training, tools and faculty development will be shared as well as opportunities to be involved in the APPD LEARN/NBME project and other national initiatives around milestones. A membership survey prior to the meeting will help direct topics covered in the session, and a period of time for open microphone questions will be included.

#### **Saturday, April 13: 1:45pm-3:45pm APPD Pediatrics Milestones Wrap-Up Session**

This is a chance to wrap-up any lingering questions about the milestones. Questions/comments submitted during the meeting, open microphone questions, and concerns arising from the various forums during the meeting will be discussed by APPD milestones leaders and participants.

In addition, watch for further information on the APPD website and for members conference calls which will be scheduled soon after the Annual Meeting.
