## 2) [APPD LEAD: Call for Applications, Cohort 6](#)

APPD is excited to announce that the call for applications to APPD Leadership in Educational Academic Development (APPD LEAD) is now open. Application information, instructions and online forms can be found on [APPLY2LEAD](#).

Are you involved in medical education leadership and want to advance your educational development to improve yourself and your residency or fellowship program? APPD LEAD can help you meet those goals.

APPD LEAD is an approximately nine-month educational program that provides outstanding training for educators aspiring to develop the knowledge and skills needed to advance leadership skills in medical education. The program features:

- Three educational conferences
- Curriculum focusing on organizational leadership, competency-based curriculum development, faculty development, residency and fellowship program administration and scholarship and career development
- Nationally recognized [faculty](#) with significant experience in program leadership and medical education
- Peer group activities and support
- A mentored educational project
- Certificate given at the completion of all program-required elements

The application process is web-based and requests:

- Applicant contact information
- Description of educational role(s)
- Personal Statement addressing career goals in medical education and how participation in APPD LEAD could help meet those goals
- Statement of commitment to participate actively and complete the program
- Curriculum vitae
- Statement of Support from Chair of department
- Letter of recommendation from a more senior individual involved in medical education at your institution
- Recent photograph

### 4) [ABP General Pediatrics Content Outline Updated](#)

#### General Pediatrics Content Outline Updated

As you know, each general pediatrics examination administered by the American Board of Pediatrics (ABP) adheres to a blueprint, also known as a content outline.

The General Pediatrics Content Outline was revised in 2016, and *beginning September 1, 2017, all GP examinations administered will adhere to the revised content outline.* Click the link below to find the current and revised content outlines for general pediatrics:

[General Pediatrics Content Outlines](#)

#### How were the revisions made?

In 2016, the ABP conducted a large-scale study that analyzed the clinical practice of general pediatricians. The results of this study were used to make significant revisions to the General Pediatrics Content Outline. To learn more about how the study helped inform the revised content outline, visit the ABP blog:

### [AAP Pediatric Dermatology Learning Opportunity for Residents \(and Faculty\)](#)

The Pediatric Dermatology Case of the Month is a new feature sponsored by the Section on Dermatology of the American Academy of Pediatrics. On the first of each month, a new case is posted in the form of a board-style question. Once you select an answer you are directed to a brief explanation of the condition, including tips on recognition and treatment. You may access Case of the Month from the Section on Dermatology Home Page (shown below, <http://www2.aap.org/sections/derm/>) or directly (<http://www2.aap.org/sections/derm/DermCaseOfTheMonth1.html>). There is an option to sign up for the ListServ that will insure that you receive future cases.
