The Pediatric Dermatology Case of the Month is a new feature sponsored by the Section on Dermatology of the American Academy of Pediatrics. On the first of each month, a new case is posted in the form of a board-style question. Once you select an answer you are directed to a brief explanation of the condition, including tips on recognition and treatment. You may access Case of the Month from the Section on Dermatology Home Page (shown below, <http://www2.aap.org/sections/derm/>) or directly (<http://www2.aap.org/sections/derm/DermCaseOfTheMonth1.html>). There is an option to sign up for the ListServ that will insure that you receive future cases.
