1) APPD 2019 Fall Meeting

We are so excited to invite you to attend the APPD Fall Meeting - Thursday, September 26th and Friday, September 27th in Arlington, Virginia! We are planning an action-packed schedule for you!

The Fall Meeting focuses on new members and those who are in new leadership positions within their residency and fellowship programs, with a goal to help new leaders build the skills that they need to be successful. In addition, as late breaking GME topics arise (past examples: milestones, work hours, etc.), we will focus the meeting on those topics as well.

This year our skill building sessions will be focused on (1) diversity and inclusion – creating inclusive spaces and (2) building your leadership team! In addition, we will have our Program Organization 101 session, Table to Able discussions, and updates from key stakeholders. There will also be specific programming and community-building for Program Directors, Associate Program Directors, Fellowship Directors and Associate Directors, and Residency and Fellowship Coordinators.

Registration will open this summer. We excitedly invite all GME leaders to join us!

4) APPD Regional Reports

Midwest Region:

We had an outstanding turnout in NOLA at the Midwest APPD lunch meeting. We had a robust discussion about a variety of topics, including how we can award meeting scholarships to chief residents and coordinators, our goal for providing grants for scholarly activities for trainees, and how we can pursue and fund a collaborative Midwest project.

We reviewed potential topics for our fall meeting in St. Louis on September 12-13, 2019, hosted by St. Louis University School of Medicine. Scheduled presenters so far include hospitalist experts at SLU on the Academic Half Day (Aline Tanios, MD) and the Nighttime Curriculum (Kayla Heller, MD). It promises to be a great meeting! We will be sending out the call for abstracts and registration information soon.

We sincerely thank Jill Edwards and Sarah Braet for their outstanding contributions as co-coordinators, and welcome newly elected coordinators Cindy Colpitts from the University of Nebraska Medical Center and Jolynn Hora from the University of Iowa.

Thank you.
Jolynn Hora and Cindy Colpitts

Southwest Region:

The APPD Southwest Region partnered with the Texas Pediatric Society (TPS) to offer a new category for poster submissions at the TPS annual meeting in the fall. The TPS Meeting includes an E-Poster Contest for Residents, Fellows, and Medical Students and this new category, "Medical Education Initiative", will showcase a description of an innovative idea in medical education developed or utilized by a trainee to disseminate pediatric knowledge, skills, or attitudes to advance the care of children. We are happy to announce there were a total of 9 submissions in this inaugural year for the Medical Education Initiative category (4 medical students, 4 residents, and 1 fellow), and the total number of poster submissions was above average this year. We consider this a success and are very excited to continue this partnership in the future!
